DEEP NORTHWEST HILLS ROOTS, HEART FOR REAL ESTATE

As a proudDossElementary sponsor,parent, and third-generation Austinite who grew up right here in Northwest Hills, supporting this school and neighborhood is deeply personal to me. My husband Jordan and I are raising our two kids, Hudson and Blake, in the same streets I grew up exploring, and there is nowhere else we'd rather lay down roots.

Before entering real estate, I spent a decade in the nonprofit world with Teach For America. That foundation shaped my entire approach to business: real estate isn't just about property, it's about helping people navigate life's biggest milestones. As co-founder of the Speed & Neuren Group at Compass, I bring a mix of hyper-local neighborhood expertise and a calm, highly organized approach to every client experience.

Whether you are looking to purchase your dream home, sell a longtime family property, or simply want to chat about local market trends over a cup of coffee, I am always here as a trusted resource for our Doss families.
